PROFESSIONAL SUMMARY

Motivated Systems Development student at Boston City Campus with practical web development experience and a growing interest in cybersecurity. Currently completing Cisco's Junior Cybersecurity Pathway. Seeking opportunities to apply my technical skills, learn from experienced professionals, and contribute to a team. I bring problem-solving ability, a willingness to learn, retail work experience, and a commitment to community volunteering and learner mentoring.

EDUCATION

Diploma in Systems Development - in progress

Boston City Campus, Sandton | Second-year student, 2026

Coursework includes Systems Development 1, IT Systems Management 1, Technical Systems and Support (A+ fundamentals), Computer Literacy and Advanced Computer Literacy, Academic Literacy, Introduction to Business Management, and Praxis 1.

CYBERSECURITY LEARNING

Junior Cybersecurity Pathway - in progress

Cisco

Developing cybersecurity knowledge alongside my formal studies. Completed Cisco course certificates are shared on my LinkedIn profile.

TECHNICAL SKILLS

- Web development: HTML, CSS, JavaScript, PHP, and MySQL.
- Programming: Java; Python learning in progress.
- IT foundations: basic systems development concepts, IT support, and A+ fundamentals.
- Computer literacy: Microsoft Word, Excel, Outlook, databases, and presentation tools.

PROFESSIONAL STRENGTHS

Communication, teamwork, problem solving, logical thinking, working under pressure, and willingness to learn.

LANGUAGES

English | Sepedi | isiZulu

Experience & contribution

Ntsuru Ralph Moalusi | Aspiring Cybersecurity Professional

SELECTED PROJECTS

Ikusasa Lethu BBD - web application

PHP | MySQL | JavaScript | Docker

Built a full-stack web application for the Ikusasa Lethu volunteer programme, using a PHP backend and MySQL database, with Docker used for deployment. The project connects my development work with a community where I also volunteer.

View live project: ikusasa-lethu-bbd.onrender.com

Emergency House Services - business website

HTML | CSS | JavaScript

Built a website for a home services business, presenting cleaning, organising, and nanny care services and supporting customer enquiries.

VOLUNTEERING & MENTORING

Alumni volunteer and learner mentor

Ikusasa Lethu programme | Saturday sessions

- Help prepare food for learners as part of the Saturday programme.
- Support and mentor learners when BBD runs Saturday sessions in the Ikusasa Lethu programme.
- Give back to the programme as an alumnus while continuing my own education and technical learning.

WORK EXPERIENCE

General Assistant

Shoprite | 09 December 2025 - 04 January 2026

Seasonal work experience in a retail environment.

General Assistant

Shoprite | 09 December 2024 - 05 January 2025

Seasonal work experience alongside my education.

CAREER INTERESTS

Cybersecurity, ethical hacking, web development, and practical opportunities to learn and contribute within a professional team.
